Project Tasks Tab

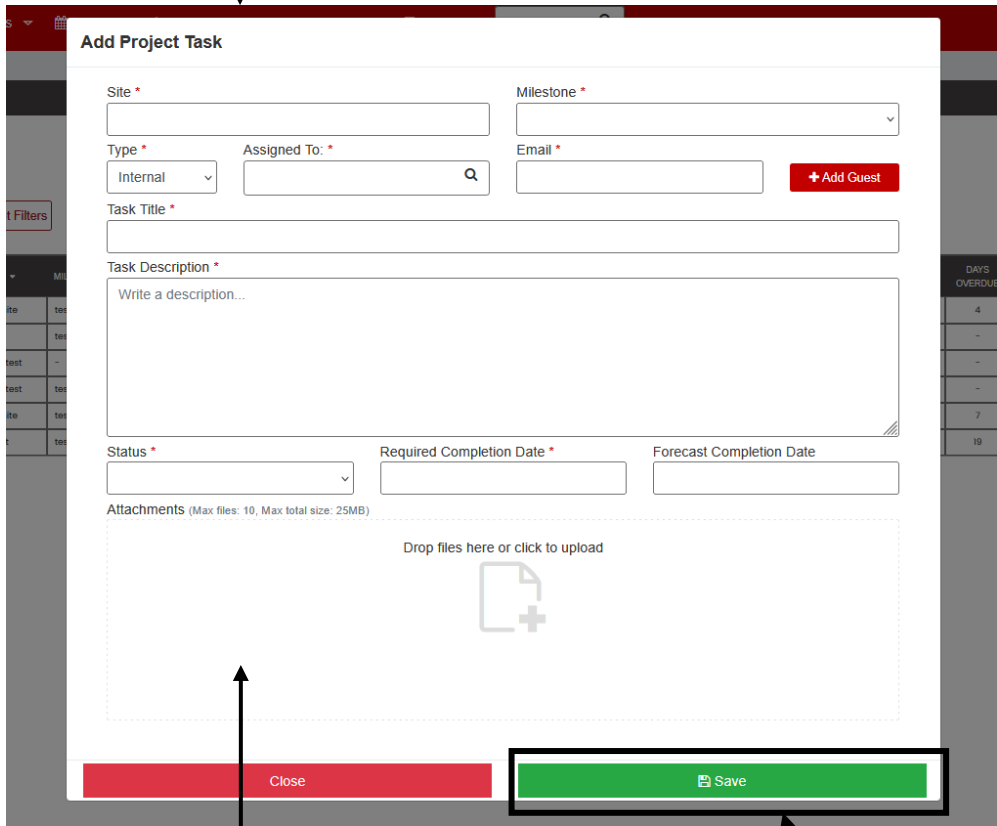

The default view.

Creating a Project Task

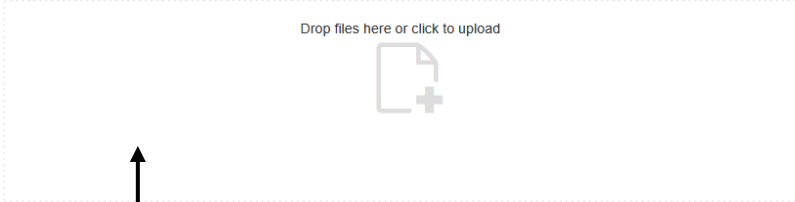

1. Click on Create Task button.

2. Fill up all the required fields.

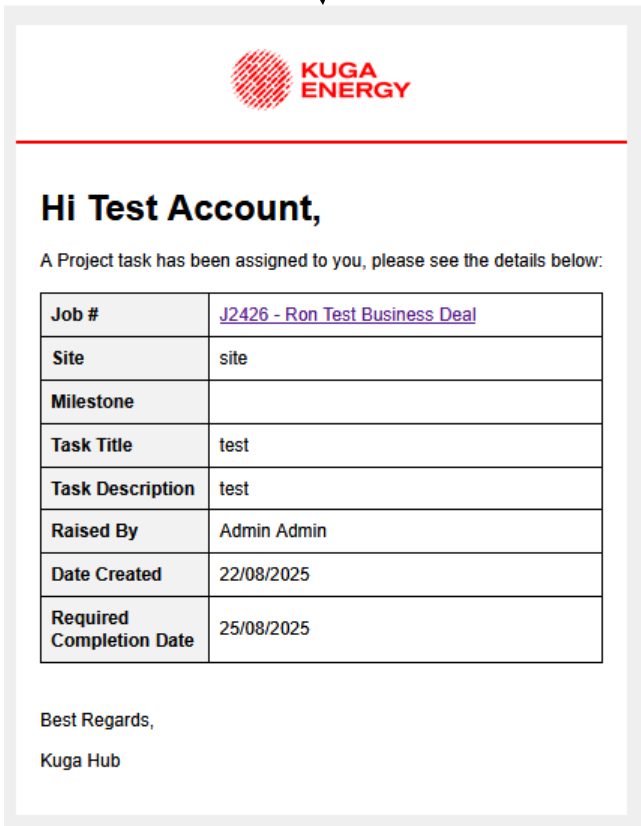

3. Attach file/s if applicable. If the file size exceeds 25 MB, please compress it or zip the file before uploading. If compression is not possible, upload the file to OneDrive and include the link in the notes.

4. After completing the form, click on the Save button.

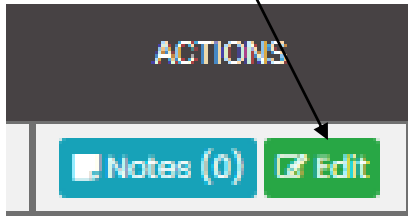

5. An email will be sent automatically to the task owner after creating the project task.

View / Update Status of Project Task

1. Click on the Edit Button.

2. Change the Status to **Closed**, then click on Save button.

Edit Project Task #00030

Once status is set to Closed, you can no longer update this task.

NOTES:

- Project task details are set to **read-only** and can only be edited by **Project Managers (PMs)** and **Admin**.
- Task owners can update the **status** and **forecast completion date** of their own tasks.
- Other users can only view tasks but cannot change the status of tasks owned by others.
- The **Actual Completion Date** is automatically populated based on the date the task is marked as closed.
- Users can still **upload attachments** or **add notes** even after a task has been closed.

Adding Notes on Project Task
