

MEETING REPORT FORM
On-The-Job Training 1

Date of Meeting : September 12, 2025

Student Name : Nathaniel Carlo M. Morva

Internship Site : 402-A. 1 ICITE Building, 188 E. Rodriguez Jr. Ave, Eastwood City Cyberpark, Bagumbayan, Quezon City

Comments Concerning Student Progress to Date:

The student consistently performs well and shows strong effort in his tasks. However, he could benefit from being more proactive by anticipating tasks and seeking growth opportunities independently. Expanding his knowledge beyond programming would also help him develop a broader perspective and improve his problem-solving skills. Focusing on these areas will help him grow both as a developer and a team member.
